

## NEW ARRIVAL

# Premium LTE+ Gas Grill

BLZ-4LTE3-LP/NG BLZ-5LTE3-LP/NG

## Engineered with Purpose

14,000 BTUs from each of the linear burners plus 10,000 BTUs from rear infrared burner.

Heat zone separators improve cooking versatility and put you in command of the cooking surface.

Triangular stainless steel searing rods produce steakhouse sear marks.

Available in built-in and cart models to enhance any outdoor kitchen.

## Improved Features

LED illuminated control system with safety glow lighting allows for increased visibility.

New illuminated control knob design changes colors when the grill is ignited for a signature decorative accent.

Innovative hood assist makes opening and closing the grill nearly effortless.

## Built to Last

Heavy-duty stainless steel construction is backed by a lifetime warranty.

Blaze's signature cast stainless steel linear burners provide power and durability.

14-gauge, full-width perforated flame tamers transform fat into flavor while stopping flare-ups.
